## **1. Introduction**

Flint High School recognises the moral and statutory responsibility to safeguard and promote the welfare of all children. We recognise the importance of providing an ethos and environment within our school that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

Our school core safeguarding principles are:

- All children have a right to be protected from all forms of abuse and discrimination and to be treated equally regardless of age, gender, racial origin, culture, religious belief, language, disability or sexual identity
- All children have a right to be heard and to have their wishes and feelings taken into account
- All staff understand safe professional practice and adhere to our code of conduct and other associated policies
- All staff have a responsibility to recognise vulnerability in children and act on any concern in accordance with this policy.

There are three main elements to this policy:

- Prevention through the teaching and pastoral support offered to pupils;
- Procedures for identifying and reporting cases, or suspected cases, of abuse. Because of our day-to-day contact with children, school staff are well placed to observe the outward signs of abuse;
- Support to those pupils who may have been abused.

This policy applies to all staff and volunteers working in Flint High school and its governors. It is recognised by this school that staff that come into contact with children can often be the first point of disclosure for a child. This first point of contact is an important part of the child protection process and it is essential that all staff are aware of and implement the school procedures.

There are many definitions of Child Protection however for the purpose of this policy, it is defined by the All Wales Child Protection Procedures (2008) as a 'part of safeguarding and promoting welfare. This refers to the activity which is undertaken to protect specific children who are suffering or are at risk of suffering significant harm as a result of abuse or neglect'.

By contrast, safeguarding and promoting the welfare of children is defined by the All Wales Child Protection Procedures (2008) as:

- 'Protecting children from abuse and neglect;
- Preventing impairment of their health or development; and
- Ensuring they receive safe and effective care;

.... so as to enable them to have optimum life chances'.

## **2. Context**

The Children Act 1989 and 2004 places a statutory duty on a range of organisations to make arrangements to ensure that their functions, and services provided on their behalf, are discharged having regard to the need to safeguard and promote the welfare of children.

The Social Services and Well-being (Wales) Act 2016 came into force on April 6 and places a duty to report children at risk, as detailed in Section 130, Part 7:

(1) If a relevant partner of a local authority has reasonable cause to suspect that a child is a child at risk and appears to be within the authority's area, it must inform the local authority of that fact.

(2) If the child that the relevant partner has reasonable cause to suspect is a child at risk appears to be within the area of a local authority other than one of which it is a relevant partner, it must inform that other local authority

(3) If a local authority has reasonable cause to suspect that a child within its area at any time is a child at risk and is living or proposing to live within the area of another local authority (or a local authority in England), it must inform that other authority.

(4) In this section, "a child at risk" is a child who—

- (a) is experiencing or is at risk of abuse, neglect or other kinds of harm, and
- (b) has needs for care and support (whether or not the authority is meeting any of those needs).

(5) For the purposes of this section a relevant partner of a local authority is—

- (a) a person who is a relevant partner of the local authority for the purposes of section 162;
- (b) a youth offending team for an area any part of which falls within the area of the authority.

(6) For provision about a local authority's duty to investigate children at risk, see section 47 of the Children Act 1989.

Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are students at a school, or who are students under 18 years of age.

The Head teacher and Designated Senior Person (DSP) at Flint High School will ensure that they are fully aware of the relevant legislation and guidance in relation to safeguarding children in their care and will have due regard for the following:

- Social Services and Well-being (Wales) Act 2016
- United Nations Convention on the Rights of the Child (*commonly abbreviated as the CRC or UNCRC*) 1991
- Human Rights Act 1998
- Equality Act 2010
- Modern Slavery Act 2015
- Violence Against Women and Sexual Violence (Wales) Act 2015
- Counter Terrorism and Security Act 2015 (*refer to Section 7 for Prevent*)

At Flint High School we will follow the All Wales Child Protection Procedures (April 2008) and Keeping Learners Safe Guidance (January 2015) alongside any other guidance and protocols that have been endorsed and agreed by the North Wales Safeguarding Children's Board in conjunction with this policy.

### **3. Prevention**

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to safeguard children at school.

Flint High School will therefore:

- Establish and maintain an ethos where children feel secure, are encouraged to talk and share their concerns and will be listened to;
- Ensure that children know that all adults in this school can be approached if they are worried or concerned about matters that concern them or their siblings or friends;
- Include in the curriculum, activities and opportunities for PSE which equip children with the skills they need to stay safe from abuse and to know that they can turn to staff for help;

Ways to do this can include:

- Displaying posters signposting children to services that might be able to help them if they are worried, such as Childline
- Using 'Worry boxes' - which are either placed inside the classroom or around the building. If a child is feeling unsure about approaching an adult this can be a good way for them to share their worries.
- Encouraging children to post questions in at the end of PSE or Personal Development and Relationships lessons can be a good way of identifying anything that may be worrying a child.
- Class activities such as 'circle time' may be a time where concerns are shared, and staff need to be prepared for dealing with any disclosures that may arise as a result.

## **4. Related Policies**

This policy should be read in conjunction with the policies as listed below. (To be read and followed alongside this document)

- Behaviour Management, linked to the Use of Physical Intervention
- Acceptable Use / E safety / Social Networking
- Anti-Bullying
- Data Protection and Information Sharing
- Substance Misuse
- Sex Education
- Health and Safety
- Additional Learning Needs
- Attendance
- Risk Assessments (e.g. school trips)
- Managing Allegations Against Staff
- Code of Conduct for Staff
- Safer Recruitment
- Whistle-Blowing
- Preventing Extremism and Radicalisation

## **5. Recognising Abuse and Neglect**

**5.1** To ensure that pupils are protected from harm, an understanding of what types of behaviour constitute abuse or neglect is required. Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm, for example by leaving a small child home alone, or leaving knives within reach of an unattended toddler. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children. The All Wales Child Protection Procedures (2008) defines the following types of abuse:

**Physical Abuse:** May involve hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating or otherwise causing physical harm to a child. Human bites are also considered a form of physical abuse. Physical harm may also be caused when a parent or caregiver fabricates or induces illness in a child whom they are looking after.

**Emotional Abuse:** Is the persistent emotional ill treatment of a child such as to cause severe and persistent adverse effects on the child's emotional development; it may involve conveying to a child that they are worthless and unloved, inadequate or valued only in as much as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may

---

involve causing children frequently to feel frightened or in danger, for example by witnessing domestic abuse within the home or being bullied, or the exploitation of corruption of other children. Some level of emotional abuse is involved in all types of ill treatment of a child, though it may occur alone.

**Sexual Abuse:** Involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative and non-penetrative acts. They may include non-contact activities, such as involving children in looking at, or the production of pornographic material or in watching sexual activities, or encouraging children to behave in sexually inappropriate ways.

**Neglect:** Is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health and development. It may involve a parent or caregiver failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

## **5.2 Current Safeguarding Concerns**

The following safeguarding concerns, actual or suspected, should be referred immediately to Children's Services. Note: one or more may apply to an individual child's circumstances.

Refer to Chapter 4 Welsh Government Circular: 158/2015 Keeping Learners Safe for further guidance across the full range of specific circumstances.

### **5.2.1 Child Sexual Exploitation (CSE)**

Child Sexual exploitation (CSE) involves situations, contexts and relationships where young people receive something (for example food, alcohol, presents, money or in some cases simply affection) as a result of engaging in sexual activities.

Sexual exploitation can take many forms ranging from the seemingly consensual relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops.

Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying (including cyberbullying) sexting and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

Any concerns that a child may be experiencing any level of exploitation should be reported to the Designated Senior Person who will have undertaken awareness training in relation to CSE issues.

### 5.2.3 Preventing Radicalisation and Extremism

It is essential that staff are able to identify pupils who may be vulnerable to radicalisation, and know what to do when they are identified.

Flint High School will ensure that the Prevent Duty as outlined in the Counter Terrorism and Security Act (2015) is implemented, taking into account the Local 'Prevent' policies, protocols and procedures. Detailed procedures to protect pupils from radicalisation and extremism are outlined in the schools Preventing Extremism and Radicalisation Policy which can be found by telephoning the school to request a copy.

In safeguarding pupils from extremism and radicalisation, school governors, staff and volunteers will be alert to:

- Disclosure by pupils of their exposure to extremist actions, views or materials
- Graffiti, symbols, writing or artwork promoting extremist messages or images
- Reports of changes in behaviour, friendship or actions and requests for assistance
- Partner schools, local authority services and police reports of issues affecting pupils in other schools or settings
- Pupils, staff, parents or visitors voicing opinions drawn from extremist ideologies and narratives
- Use of extremist or hate terms to exclude others or incite violence
- Intolerance of difference
- Attempts to impose extremist views or practices on others
- Anti-Western or anti British views.

All concerns should be reported immediately to the Designated Senior Person for Child Protection (DSP).

Children and young people can be exploited and at risk of radicalisation through their use of modern technology such as the internet, mobile phones and social networking sites. In order to minimise the risks to our children and young people the Head teacher and Governing Body are responsible for ensuring that there are appropriate measures in place such as security filtering and the Acceptable Use Policy reflects the county guidance.

## **5.24 Female Genital Mutilation (FGM)**

In the UK, all forms of FGM are illegal under the Female Genital Mutilation Act 2003 and there is a legal duty to report any case of FGM. It is an offence (regardless of their nationality and residence status) to:

- perform FGM in the UK
- assist the carrying out of FGM in the UK
- assist a girl to carry out FGM on herself in the UK
- assist from the UK, a non-UK person to carry out FGM outside the UK
- on a UK national or permanent UK resident.

The age at which girls undergo FGM varies enormously according to the community. The procedure may be carried out when the girl is newborn, during childhood or adolescence, at marriage or during the first pregnancy. However, the majority of cases of FGM are thought to take place between the ages of 5 and 8 and therefore girls within that age bracket are at a higher risk.

It is believed that FGM happens to British girls in the UK as well as overseas (often in the family's country of origin). Girls of school age who are subjected to FGM overseas are thought to be taken abroad at the start of the school holidays, particularly in the summer holidays, in order for there to be sufficient time for her to recover before returning to her studies.

The school will endeavour to identify any girls that could be at potential risk through usual safeguarding and absence monitoring practices. The Designated Senior Person will undergo awareness training in relation to FGM.

### **5.2.5. Trafficked Children**

Child trafficking involves moving children across or within national or international borders for the purposes of exploitation. Exploitation includes children being used for sex work, domestic work, restaurant/ sweatshop, drug dealing, shoplifting and benefit fraud. Where Flint High School is made aware of a child is suspected of or actually being trafficked/exploited we will report our concerns to the appropriate agency.

### **5.2.6 Forced Marriage**

Flint High School does not support the idea of forcing someone to marry without their consent and will follow the Regional Safeguarding Children's Board procedures to refer any child and young person immediately to Social Services for Children.

## **5.3 Indicators of Abuse**

Physical signs define some types of abuse, for example, bruising, bleeding or broken bones resulting from physical or sexual abuse, or injuries sustained while a child has been inadequately supervised. The identification of physical signs is complicated, as children may go to great lengths to hide injuries, often because they are ashamed or

embarrassed or their abuser has threatened further violence or trauma if they “tell”. Staff should familiarise themselves with the range of behavioural indicators of abuse and report any concerns to the designated person.

A child who is being abused and/or neglected may:

- Have bruises, bleeding, burns, fractures or other injuries
- Show signs of pain or discomfort
- Keep arms and legs covered, even in warm weather
- Be concerned about changing for PE or swimming
- Look uncared for
- Change their eating habits
- Have difficulty in making or sustaining friendships
- Appear fearful
- Be reckless with regard to their own or other’s safety
- Self-harm
- Frequently miss school or arrive late
- Show signs of not wanting to go home
- Display a change in behaviour – from quiet to aggressive, or happy to withdrawn
- Challenge authority
- Become disinterested in their school work
- Be constantly tired or pre-occupied
- Be wary of physical contact
- Be particularly knowledgeable about drugs or alcohol
- Display sexual knowledge or behaviour beyond that normally expected for their age

Individual indicators will rarely, in isolation, provide conclusive evidence of abuse. They should be viewed as part of a jigsaw. What is important is that staff report their concerns.

## **6. Roles and Responsibilities**

### **6.1 The Role of the Local Authority**

The local authority has responsibilities at three levels: strategic, support and operational. On a **strategic** level Flintshire County Council will plan, co-ordinate services and allocate resources working in partnership with other agencies.

At this level the following actions will be undertaken:

- Work with other agencies to put in place and support effective partnership working including cross border processes;

- Allocation of resources to enable educational settings (and local authority staff) to discharge their responsibilities for safeguarding children satisfactorily;
- Liaise with the appropriate diocesan authorities in respect of arrangements for safeguarding children in aided schools in Flintshire;
- Monitor the compliance of maintained schools using the guidance listed in Section 2 of the Legislative Framework above;
- Bring any deficiencies to the attention of the governing body of the school / setting and give advice as to how to remedy the deficiency;
- Take action to resolve any inter-agency problems;
- Play a full part in Child Practice Reviews as required
- Disseminate information about relevant findings from serious case reviews and child practice reviews to designated staff for child protection in the authority and maintained schools;
- Ensure that there are clear communication channels with the senior officer who represents the authority on the North Wales Safeguarding Children Board;

On a **support** level Flintshire County Council Education Services will endeavour to ensure that the governing body of all schools and further education institutions, the Head teacher or Principal and proprietors of independent schools and other partnership agencies providing services for children and families alongside education settings:

- Are aware of their responsibilities for Child Protection and Safeguarding;
- Are aware of their responsibilities to Looked After Children in Flintshire;
- Have appropriate guidance and support available from Social Services for Children facilitated by the designated lead officer for Education;
- Have access to a programme of appropriate training;
- Have a Model Child Protection Policy for schools to follow;
- Have flowcharts and procedures to follow in line with the All Wales Child Protection Procedures 2008.

On an **operational** level Flintshire County Council Education Services will be responsible for promoting the safety and welfare of children of all children, with a particular focus on the following groups of children and young people:

- Children excluded from school, or who have not obtained a school place (for example children in Pupil Referral Units);
- Children with complex medical needs and specific or additional learning needs;
- Elective Home Education (EHE);
- Children subject to Child Protection processes;
- Looked After Children (LAC);
- Children who are educated outside of Flintshire.

The local authority recognises that children in such circumstances are potentially vulnerable and may need additional support to access learning, play and leisure services and / or to attain their full potential. All those working in Flintshire educational

settings are required to work in partnership with others to monitor the wellbeing and attainment of vulnerable children and to provide additional support and services to those who require it.

In addition, Flintshire County Council will:

- Monitor and oversee safe recruitment procedures in line with national, regional and local guidance including the Disclosure and Barring Service;
- Have procedures in place for dealing with allegations of abuse against members of staff and work with schools, the North Wales Safeguarding Children Board partner agencies to ensure that allegations are dealt with fairly, consistently and quickly;
- Liaise with other local authorities to ensure that child protection allegations are investigated where children from other authorities receive education within Flintshire;
- Support schools to liaise appropriately with other local authorities to meet the safeguarding needs of children from other local authorities receiving education in Flintshire;
- Similarly, where Flintshire pupils attend school in other local authorities, Flintshire County Council will support a shared understanding of the different policies and procedures that may exist, including different criteria and referral routes.

## 5.2 The Role of the Governing Body

Governing bodies of maintained schools in Flintshire have a responsibility to ensure that:

- The school has an effective Child Protection / Safeguarding Policy in place in accordance with the guidance in this document;
- The policy is reviewed annually and is made available to parents / carers and/or students on request;
- The school follows recommended procedures and guidelines for dealing with allegations of misconduct against members of staff, including child protection allegations, in line with Flintshire County Council policy and Welsh Government guidelines and in accordance with the All Wales Child Protection Procedures 2008;
- The school operates safe recruitment procedures and ensures that all appropriate checks are carried out on all new staff and volunteers, including governors, in line with Flintshire County Council policy and Welsh Government guidelines;
- The school has a Designated Senior Person who is appropriately trained to take lead responsibility for dealing with child protection;
- The Head teacher and all staff and volunteers (including governors) undertake appropriate safeguarding training. **Refer to Appendix 5 for training programme.**
- There is a designated Child Protection Governor as referenced in the Education Act 2002 and supporting guidance 'Keeping Learners Safe' 2015

## 5.3 The Role of Head Teacher

In Flintshire, Head teachers have a responsibility to ensure that:

- Safeguarding / child protection policies and procedures adopted by the governing body or proprietor are fully implemented and followed by all staff and are kept up-to-date;
- Sufficient resources and time are allocated to enable the Designated Senior Person and other staff to discharge their responsibilities including: taking part in strategy discussions and other inter-agency meetings and contributing to the assessment of children;
- All staff and volunteers understand the procedures for and are supported in raising concerns with regard to children in their care.

## 5.4 The Role of The Designated Senior Person (DSP) in School

The Designated Senior Person (DSP) for Child Protection fulfils an essential role in developing and implementing policies that help to protect children from all forms of abuse and create a safe school environment.

The DSP (this role can be performed by the Head teacher) should:

- Take lead responsibility for managing child protection issues and cases;
- Promote the interests of Looked After Children (LAC) in their school;
- Be a member of the school's leadership team,
- Take responsibility for the school's child protection practice, policy, procedures and professional development.

## 5.5 The Role of All Staff

All staff have a legal duty to record and report any child protection problems, concerns or suspicions to the DSP as soon it is identified and practically possible and in any case within 24 hours to Flintshire County Council's Social Services for Children. This is not a matter of individual choice. There is a legal duty to record and report your concerns on the day the allegation/concern has been raised.

All staff will:

- Understand their role and responsibilities to safeguard and promote the welfare of children.
  - Be familiar with and follow the school's procedures and protocols for safeguarding and promoting the welfare of children and know who to contact in the school to express concerns about a child's welfare.
  - Be alert to indicators of abuse and neglect.
  - Have access to and comply with the All Wales Child Protection Procedures
  - Have received child protection training to a level commensurate with their role and responsibilities.
  - Know when and how to refer any concerns about child abuse and neglect to Social Services for Children or to North Wales Police.
  - Know that a child, parent, caregiver, relative or member of the public who expresses concerns about a child's welfare to a professional and / or agency employee must never be asked to make a self-referral to Social Services for Children or the Police. The professional and/or agency employee must make the referral and cannot remain anonymous in doing so.
  - Know that if any person has knowledge, concerns or suspicions that a child is suffering, has suffered or is likely to be at risk of harm, it is their legal duty to ensure that the concerns are referred to Social Services for Children or the
-

Police, who have statutory duties and powers to make enquiries and intervene when necessary.

Refer to [Appendix 1](#) for guidance on what to do if a child tells you they have been abused by someone other than a member of staff.

## **7. Procedures**

At Flint High School we will follow the All Wales Child Protection Procedures (April 2008) and Keeping Learners Safe Guidance (January 2015) alongside any other guidance and protocols that have been endorsed and agreed by the North Wales Safeguarding Children Board (NWSCB).

The school will:

- Ensure that it has a named designated senior member of staff who has undertaken the appropriate training in line with agreed national and local requirements. This school will also nominate a named deputy who will be the central contact in times when the designated person is absent. In the unlikely event that both persons are absent or unavailable at a given time, the most senior person on the premises will act as a contact point.
- Recognise the role of the Designated Senior Person and arrange support and training. The school will look at the NWSCB and in particular, the Local Authority's Designated Officer for Safeguarding in Education for guidance and support in all child protection matters in assisting the school's designated person.
- Ensure that all members of staff, including permanent, part-time and adult volunteers, along with every governor knows:
  - The name and contact details of both the designated and deputy person responsible for child protection;
  - That it is the named designated person and/or their deputy who have the responsibility for making child protection referrals within timescales, by completing the agreed multi-agency form;
  - That the designated person and deputy will seek advice from the Designated Officer and/or Social Services for Children First Contact Team if necessary when a referral is being considered. If in doubt a referral must be sent.
- Ensure that all members of staff are aware of the need to be alert to signs of abuse and know how to respond to a pupil who may disclose abuse. That all members of staff will be offered and expected to attend appropriate training and updates as arranged by the school. [Refer to Appendix 5 for training programme.](#)

- Ensure that parents have a clear understanding of the responsibility placed on the school and its staff for child protection by setting out their obligations in the school prospectus and other forms of communication. In particular there is a clear obligation that 'the welfare of the child is paramount' and in some circumstances this may mean that the parents are not initially informed of a referral made by the school. This circumstance is in line with the All Wales Child Protection Procedures guidance.
  - Provide training for all staff so that they:
    - Understand their personal responsibility;
    - Are cognisant of agreed local procedures;
    - Understand the need to be vigilant in identifying suspected case of abuse;
    - Know how to support a child who discloses abuse, particularly the do's and don't's.
  - Notify Social Services for Children if:
    - A looked after child (LAC) or a child on the child protection register is excluded for a fixed term or permanently;
    - There is an unexplained absence of a looked after pupil or a pupil on the child protection register of more than two days duration from school (or one day following a weekend)
  - Work to develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at initial and review child protection conferences and core groups, and support these with the submission of written reports on standard proforma (**Appendix 2**) within 2 working days before conference date. A copy should be shared with the child's parents before the conference takes place.
  - Keep written records of concerns about children (noting date, event and action taken) even where there is no need to refer the matter to agencies responsible for formal investigation.
  - Ensure that all records and files are kept secure and in locked locations. The designated person is responsible for the security, compilation and storage of all records and should be able to access and produce them in times of need. It is the responsibility of the designated person to ensure that any transfer of records is conducted sensitively and securely.
  - Adhere to the procedures set out in the Welsh Government guidance no 002/2013 'Disciplinary and dismissal procedures for school staff'
  - Ensure that all recruitment and selection procedures follow all national and local guidance. The school will seek advice and guidance from the local authority's Human Resources Department on recruitment and selection.
-

- Seek to designate a governor for child protection who will champion and oversee the school's child protection policy and practice. This governor will feed back to the Governing body on child protection matters as and when required but will be required to write an annual report to the governing body on the school's child protection activities.

## **8. Record Keeping**

When a child has made a disclosure, the member of staff or volunteer should:

- Make brief notes as soon as possible after the conversation.
- Not destroy the original notes in case they are needed by a court
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any bruising or other injury
- Record statements and observations rather than interpretations or assumptions
- Give all records to the Designated Senior Person.

## **9. Support Following a Disclosure**

### **9.1 Supporting staff:**

Dealing with a disclosure from a child, and a child protection case in general, is likely to be a stressful experience. The member of staff or volunteer should consider seeking support for him/herself and discuss this with the Designated Senior Person who can seek support from the appropriate Governor.

### **9.2 Supporting children:**

The school will endeavour to support all children by:

- Encouraging self-esteem and self-confidence whilst not condoning aggression or bullying
- Promoting a caring, safe and positive environment within the school
- Liaising and working together with all other support services and those agencies involved in the safeguarding of children.

## **10. Supporting the Pupil at Risk**

10.1 At Flint High School we recognise that children who are at risk, suffer abuse or witness violence, are often affected by these in adverse ways, some may be deeply troubled by these events. School may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, when at school their behaviour may be challenging and defiant or they may be withdrawn.

The school will endeavour to support the pupil through:

- The content of the curriculum to encourage self-esteem and self-motivation (*refer to section 3 of this policy for Prevention*);
- The school ethos which:
  - Promotes a positive, supportive and secure environment, and
  - Gives pupils a sense of being valued.
- Flint High School's Behaviour Policy is aimed at supporting vulnerable pupils in the school. All staff will follow a consistent approach which focuses on the behaviour of the offence committed by the child but does not damage the pupil's sense of self-worth. The school will express and explain to all pupils that some behaviour is unacceptable, (shared with parents via school prospectus and other points of communication) but each individual is valued and not to be blamed for any abuse that has occurred. Staff should read the school's Behaviour Policy in conjunction with this and other named policies noted in this policy.
- Liaison with other agencies who support the student such as Social Services for Children, Child and Adolescent Mental Health Services, the Educational Psychology Service, Education Welfare Service and others.
- Keeping records and notifying Social Services if there is a recurrence of a concern with the individual.
- Making a TAF (Team Around the Family) referral when co-ordinated early intervention support would benefit the child and family.

When a pupil on the child protection register leaves, we will transfer the sensitive information to the new school immediately (using the agreed policy and procedures for the 'Transfer of Sensitive Information' and the Designated Person will be central to this process) and if not already done, to inform Social Services of the move.

## **10.2 Bullying**

At Flint High School we are committed to providing a secure and caring environment for all. Bullying, in any form, will not be tolerated.

Welsh Government Respecting Others: Anti-Bullying Guidance (2011) is reflected in our school's Anti-bullying Policy. Please refer to the Anti-bullying Policy for further information. This can be found on the school website.

### **10.3 Physical Intervention**

As part of Flint High School's Safeguarding procedures, we recognise that there may be rare occasions where physical intervention is necessary. Physical intervention should only ever be used to:

- Maintain the safety of pupils and staff
- Prevent serious breaches of school discipline
- Prevent serious damage to property

### **10.4 Children with Additional Learning Needs (ALN)**

We recognise that statistically children with behavioural difficulties and disabilities are most vulnerable to abuse. School staff who deal with children with profound and multiple disabilities, sensory impairment and/or emotional and behaviour problems need to be particularly sensitive to signs of abuse. *Keeping Learners Safe (2015)*

School staff need to have a high level of awareness with children who have ALN and promote a culture where children are able to make their wishes and feelings known in respect of their care and treatment. All children with ALN should know how to raise concerns if they are worried or angry about something and giving them access to a range of adults with whom they can communicate. Children with communication difficulties should have available to them at all times a means of being heard.

Children with ALN who are interviewed as part of any safeguarding investigation should be allowed to express their views as to who will be the appropriate adult in an interview situation. Advice must be sought from Social Services for Children.

Please refer to ALN Policy for further information. This can be found on the schools website.

### **10.5 Looked After Children (LAC)**

This school recognises that children who become looked after are often the most vulnerable. The school has a responsibility to support the Council in its role as corporate parents.

## **11. Child Protection Conferences / Core Groups**

A child protection conference will be convened if a referral has been made and, following an investigation, the findings have considered the child to be at risk of

---

harm, has suffered harm, or if the child is already subject to a child protection plan. A review conference is held to monitor the safety of the child and the required reduction in risk. Child protection conferences can be upsetting for parents / carers. We will work in an open and honest way with any parent whose child has been referred to Social Services for Children or whose child is subject to a child safety plan. Our responsibility is to promote the protection and welfare of all children and our aim is to achieve this in partnership with our parents / carers.

Staff may be required to attend child protection conferences or core group meetings to represent the school. The person attending will need to have as much relevant up to date information about the child as possible. This is most likely to be available from a class teacher. All reports for child protection conferences will be prepared in advance using the required county report format. The information contained in the report will be shared with parents at least one day before the initial child protection conference and at least 48 hours before the review conference and should be prepared using the county report format for conference. See **Appendix 2**.

## **12. Allegation Against a member of Staff or Adult**

All staff must ensure that any allegation regarding an adult who is working with children is reported immediately to the Head teacher or the Designated Senior Person (DSP); this will include all school staff, volunteers, governors, occasional workers or contractors and those staff who are not on the school site but come into contact with children i.e. those who transport children to/from school, school crossing patrols etc. **Please refer to Part 4 referral form in Appendix 4.**

Allegations against members of staff should be brought immediately to the attention of the Head teacher / Designated Senior Person (DSP). If the allegation is against the Head teacher, then the Chair of Governors must be informed, who in turn must immediately inform the Chief Officer.

It is essential that all allegations of abuse are dealt with fairly, quickly and consistently, providing effective protection for the child while supporting the person who is the subject of the allegation.

The Head teacher (or Chair of Governors in the case of a Head teacher) will act as the Case Manager, and has overall responsibility for any safeguarding allegation.

In the first instance, the Case Manager should immediately discuss the allegation with the Local Authority Safeguarding Officer within Education who will also support the school with how to adhere to the Welsh Government guidance listed below. The Local Authority Education Safeguarding Officer should be informed of **all** allegations that come to a school's attention and appear to meet the criteria set out above so they can consult with the FCC Safeguarding Unit and Children's Services and the police, as appropriate.

The Head teacher and Designated Senior Person (DSP) will ensure that they are fully aware of the relevant legislation and guidance in relation to procedures required when an allegation is made against a professional and in particular:

- Welsh Government Guidance: Circular No: 009/2014 - Safeguarding Children in Education - Handling allegations of abuse against teachers & other staff

<http://learning.gov.wales/docs/learningwales/publications/140410-safeguarding-children-in-education-en.pdf>

- Welsh Government Guidance: Circular No: 002/2013 - Disciplinary and Dismissal Procedures for School Staff

<http://gov.wales/docs/dcells/publications/130227disciplinaryanddismissalen.pdf>

- Education Workforce Council (EWC) Code of Conduct.

<http://www.ewc.wales/site/index.php/en/documents/fitness-to-practice/157-ewc-code-of-professional-conduct-and-practice>

The sharing of information about an allegation must be handled sensitively and must be restricted to those who have a need to know in order to:

- Protect children;
- Facilitate enquiries, or
- Manage disciplinary / complaints aspects.

Information about the child or family must not be shared with the individual against whom the allegation was made or anyone representing them.

On the completion of Police or Social Services investigations, if formal disciplinary action is not required, appropriate action should be instituted within three working days (e.g. arrangements made for a suspended employee to return to work). If a disciplinary hearing is required and can be held without further investigation, the hearing should be held within 15 working days. Governing bodies are responsible for staff disciplinary matters in all maintained schools.

Any employee who believes that allegations or suspicions are not being investigated properly has a responsibility to escalate their concern directly to the Lead Officer for Safeguarding Children in Education.

The school's Whistleblowing Policy can be used for confidential reporting of any abusive, inappropriate or unprofessional behaviour towards children or young people, or any conduct that breaches criminal law or statute; compromises health and safety; breaches accepted professional codes of conduct, or otherwise falls below established standards of practice in relation to children and young people.

### **13. Safer Recruitment**

Flintshire County Council has implemented Safe Recruitment and Employment standards in accordance with guidance through the North Wales Safeguarding Children Board (NWSCB). Flint High School will adhere to the Welsh Government Circular:158/2015 Keeping Learners Safe / Chapter 5. The Council's Disciplinary Procedures set out what action should be taken against employees including school staff, who do not comply with the Council's policies and procedures, including those in place to safeguard and promote the welfare of children.

To promote Safe Recruitment and HR practices the school will:

- Ensure that all staff, volunteers and governors provide a DBS disclosure certificate prior to taking up the post
- Ensure that the head teacher has sight of and records on a single central record (school database), the details of all DBS certificate checks
- Ensure that staff, volunteers and governors renew their DBS disclosure certificates on a three yearly basis
- Ensure that an updated DBS disclosure certificate is obtained by any individual staff member, volunteer or governor when there are reasonable grounds to do so e.g. following involvement in criminal activity or if a professional allegation is made
- In the event of any disclosure information being obtained, either at the point of recruitment or subsequently, ensure that a risk assessment is completed and brought to the attention of Flintshire County Council
- A written log of all daily supply staff, volunteers and contractors will be kept clearly listing where the DBS disclosure is available, or a risk assessment will be formulated in lieu of an available DBS disclosure. Staff such as educational psychologists, supply teachers, trainee teachers, nurses, sports coaches and inspectors should be DBS checked by their employer, for example the supply agency, the university, or local authority. It is sufficient for schools to seek written confirmation that all appropriate checks, have been carried out for these people (most commonly on appointment) and by whom (most commonly the relevant human resources department). Schools should then confirm the identity of these visitors..

#### **14. School Site Security**

Flint High School is a safe and secure place for pupils to learn and develop learning and social skills. The physical safety of pupils when on school site is of paramount importance. Access to the school site is strictly monitored and reviewed in line with the Local Authority guidance on the Health and Safety of school premises. This includes regular planned Risk Assessments of the school site including the completion of a Site Security Checklist. Please refer to the Health & Safety Policy for further information which can be found with the School's Business Manager.

Staff will:

- Wear an ID badge
- Challenge the reasons of unfamiliar adults on the school premises
- Ensure doors are closed to prevent intrusion
- Ensure visitors, volunteers and students only enter through the main entrance and sign in at Reception
- Ensure all visitors are provided with a visitor badge
- Ensure that when a visitor leaves the premises they sign out and hand back the visitors badge
- Ensure children are only allowed home with adults with parental responsibility or confirmed permission (primary)
- Ensure windows in empty classrooms are closed
- Ensure children never be allowed to leave school alone during school hours, and only collected by a familiar adult.
- Ask security questions to anyone leaving a message for children at the school.

Should a child leave the school premises without permission then staff have been informed never to chase after a child, but rather to report immediately to the main office. Parents will be informed of the circumstances.

## **15. Confidentiality**

The school recognises that all matters relating to child protection and safeguarding are confidential, however there is a balance between child protection and the right to privacy, as outlined below.

The Head teacher and/or the Designated Senior Person for Child Protection (DSP) will disclose any information about a pupil to other members of staff on a need-to-know basis only. There is a professional responsibility to share information with other agencies in order to safeguard children.

Staff will understand that they cannot promise a child to keep secrets, which might compromise the child's safety or well-being. Staff have a professional responsibility to share relevant information about the protection of children with the designated statutory agencies when a child is experiencing child welfare concerns. It is important that each member of staff deals with this sensitively and explains to the child that they must inform the appropriate people who can help the child, but they will only tell those who need to know in order to be able to help. Staff should reassure the child and tell them that their situation will not be common knowledge within the school. Staff need to be aware that it may well have taken significant courage on the part of the child to disclose the information and they may also be experiencing conflicting emotions, involving feelings of guilt, embarrassment, disloyalty (if the abuser is someone close) and hurt.

## **16. Information Sharing**

In order to make soundly based decisions there is a need to understand the general principles of sharing information identifiable to a child and/or young persons or their parents/carers. The safety and welfare of a child or young person must be the first consideration when making decisions about sharing information about them. There must be a legal basis for sharing information and a legitimate purpose for doing so.

When dealing with confidential information we will need to be satisfied that there is either:

- a statutory obligation to disclose
- expressed or implied consent from the persons involved, or
- an overriding public interest in disclosing information

All staff will seek advice from the DSP and/or the Head teacher with regard to the sharing of any information. The Head Teacher and DSP will be fully aware of the guidance surrounding the Data Protection Act and the guidance surrounding the Sharing of Information, which includes:

- Wales Accord on the Sharing of Public Information (WASPI) Framework

### **The Seven Golden Rules for Information Sharing are:**

1. Remember that the Data Protection Act 1998 and human rights law are not barriers to justified information sharing, but provide a framework to ensure that personal information about living individuals is shared appropriately.
2. Be open and honest with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.

3. Seek advice from other practitioners if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
4. Share with informed consent where appropriate and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is good reason to do so, such as where safety of a child may be at risk. You will need to base your judgement on the facts of the case. When you are sharing or requesting personal information from someone, be certain of the basis upon which you are doing so. Where you have consent, be mindful that an individual might not expect information to be shared.
5. Consider safety and well-being: Base your information sharing decisions on considerations of the safety and well-being of the individual and others who may be affected by their actions.
6. Necessary, proportionate, relevant, adequate, accurate, timely and secure: Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely (see principles).
7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.

*Advice for practitioners providing safeguarding services to children, young people, parents and carers (March 2015) HM Government*

## **17. Equality and Diversity**

As an employer and provider of services Flint High School will not unlawfully discriminate on grounds of age, disability, gender reassignment, marriage or civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation, or on the grounds of Welsh Language.

All pupils, their parents and guardians, volunteers, staff and school governors are valued and will be treated with dignity and respect. The school will not tolerate any form of discrimination, harassment or victimisation.

In order to make sensitive and well informed professional judgments about a child's needs and a parent's capacity to respond to their child's needs, it is important that school staff will be sensitive to differing family patterns, and lifestyles and to child rearing patterns that vary across different racial, ethnic and cultural groups.

We will work across our school community to ensure our commitment to equality and fairness is shared and take steps to ensure that our school is accessible, welcoming and inclusive.

## **18. North Wales Safeguarding Children Board (NWSCB)**

The North Wales Safeguarding Children Board (NWSCB) is a statutory body which co-ordinates, monitors and challenges its partner agencies in safeguarding children in North Wales. Flintshire County Council is a statutory partner of the NWSCB.

The objectives of the NWSCB are to PROTECT children in its area who are experiencing or at risk of abuse, neglect or other kinds of harm and PREVENT children who are experiencing or at risk of experiencing abuse, neglect or other kind of harm.

Schools should be aware of the work of the NWSCB and are encouraged to attend events and training. Schools can subscribe to the latest news and information by following the link below:

#### **What to do if a child tells you they have been abused by someone other than a member of staff**

A child may confide in any member of staff and may not always go to a member of the teaching staff. Staff to whom the allegation is made should remember:

- Yours is a listening role, do not interrupt the child when they are freely recalling events. Limit any questions to clarifying your understanding of what the child is saying. Any questions should be framed in an open manner so as not to lead the child;
- You must report orally to the school's designated person for child protection (or their deputy in their absence) immediately to inform them of what has been disclosed. In the unlikely event that both are absent, seek out the most senior person in the school
- Make a note of the discussion, as soon as is reasonably practical (but within 24 hours) to pass on to the school's designated person for child protection. The note should be clear in its use of terminology, should record the time, date, place and people who were present, and should record the child's answers / responses in exactly the way they were said as far as possible. This note will in most cases be the only written record of what has been disclosed and as it records the initial disclosure from the child it is an important one in the child protection process. Remember, your note of the discussion may be used in any subsequent formal investigation and/or court proceedings. It is advised that you retain a copy in a safe place;
- Do not give any undertakings of absolute confidentiality (see note following this section for more details). You will need to express this in age related ways to the child as soon as appropriately possible during the disclosure. This may result in the child 'clamming up' and not completing the disclosure, but you will still be required to share the fact that they have shared a concern with you to the designated person. Often what is initially shared is the tip of the iceberg;
- Your responsibility in terms of referring concerns ends at this point, but you may have a future role in terms of supporting or monitoring the child, contributing to an assessment or implementing child protection plans. You can ask the designated person for an update but they are restricted by procedures and confidentiality, and may be limited in their response. The level of feedback will be on a need to know basis, but whatever is shared is strictly confidential and not for general discussion with others.

### Flintshire County Council School Information for Child Protection Case Conferences

The purpose of this report is to provide information from the school that contributes to the full consideration of the child's circumstances by those attending the conference. It will assist in decision making about future action to be taken.

The report should be submitted to the Children's Safeguarding Unit at least 48 hours prior to the conference date wherever possible and sufficient hard copies for distribution taken to the conference by the school's representative. All information contained within this report should have been previously shared with the child's parents.

In Wales, in certain circumstances, there are duties to share information with other organisations for the purposes of ensuring your family can access the

multidisciplinary support it requires and more widely in promoting well-being, keeping children and adults safe and preventing crime and antisocial behaviour. See for example Social Services and Well-being Act, Children Act and Crime and Disorder Act.

To ensure we do so safely and with respect to your rights to privacy:

1. We invite you to contact our data controller via email on [dataprotectionofficer@flintshire.gov.uk](mailto:dataprotectionofficer@flintshire.gov.uk) or by phone on 01352 702802 if you have any queries.
2. The data in this referral form is stored and retained electronically in line with Flintshire County Council IT policies and requirements and only accessible to those members of the Flintshire Early Help Hub to plan the required actions to be taken to support your family and reduce future likelihood of harm to the family and/or relevant individuals within your family. Only the minimum necessary personal information consistent with that objective is shared with individual staff members co-located in the Early Help Hub and then with any subsequent service providers that form part of the information, advice and assistance response. These are multidisciplinary statutory and charitable sector service providers in Wales only that can help support your family and reduce any possible future harm.
3. You can withdraw consent at any time and your data will be removed from relevant systems. It is only in those circumstances where there are statutory obligations to share personal information outside of (2) will we and in these circumstances, data will be stored and retained consistent with FCC and any other relevant statutory partner requirements. Again, only the minimum necessary as per Social Services and Well-being Act, Children Act and Crime and Disorder Act and any other relevant legislation.
4. There are no circumstances in which your personal information will be sold, rented or provided to anyone else, or used for any other purpose than that for which it was originally collected unless required to by law; and there are no circumstances in which we use automated decision making approaches.
5. If you have any concerns about misuse of your data, please do not hesitate to contact the FCC data protection officer or make a complaint to the Information Commissioner's Office.

## **APPENDIX 5: Safeguarding Training Programme for Schools**

### **Legal Context:**

As detailed in Keeping Learners Safe 158/ 2015, The Local Authority should:

- ensure that the authority's staff who work with children (including any staff carrying out functions on behalf of the authority) who work with children receive training that equips them to carry out their responsibilities for child protection effectively.

Governing Bodies of maintained schools should:

- ensure that the head teacher/principal and all other permanent staff and volunteers who work with children undertake appropriate training to equip them with the knowledge and skills that are necessary to carry out their responsibilities for child protection effectively, which is kept up-to date by refresher training.
- ensure that the designated senior person (DSP) for child protection, the designated governor and the chair of governors undertakes training in inter-agency working that is provided by, or to standards agreed by, the LSCB and refresher training to keep their knowledge and skills up to date, in addition to basic child protection training.

It is the role of the DSP, working with the head teacher, to ensure all staff and volunteers:

- have access to and understand the school's child protection policy especially new or part-time staff who may work with different educational
- establishments have induction and refresher training covering child protection, an understanding of safeguarding issues including
- the causes of abuse and neglect
- are able to recognise the signs and indicators of abuse
- know how to respond effectively when they have concerns
- know how to respond to a disclosure appropriately
- know that they have a responsibility to report any concerns immediately as they arise.

Records should be kept by the DSP of the dates of the training, details of the provider and a record of staff attendance at the training.

In addition to the requirement for the chair of governors and the designated governors to undertake child protection, all governors should be given access to safeguarding and child protection training (not just the designated governor for child protection) to ensure a basic and consistent level of awareness.

Teachers should receive training in child protection as part of the course of training leading to Qualified Teaching Status (QTS), but this will need to be reinforced by further training, or refresher training, when they are first appointed.

Other staff and governors should receive training when they are first appointed. All staff who do not have designated responsibility for child protection, including teachers, should undertake suitable refresher training at regular and appropriate intervals thereafter, to keep their knowledge and skills up-to-date.

The DSP should receive prompt training in inter-agency procedures that enables them to work in partnership with other agencies, and gives them the knowledge and skills needed to fulfil their responsibilities. They should also undertake refresher training to keep their knowledge and skills up-to-date.

### **Evaluation and Effectiveness of Training Provision:**

- Evaluation forms are completed at the end of each training delivery and the information will continue to be reviewed on an annual basis in addition to any immediate response that can be implemented.
- This provides useful information for the continual review and amendments to the training programme
- The feedback from the evaluation forms will be included in the annual report to the North Wales Regional Safeguarding Children's Board.
