

Monday, 10<sup>th</sup> May 2021

Dear Parents and Carers,

I am very pleased to announce that from Tuesday 11th of May 2021, lessons will resume back to the “pre Covid” arrangements. All students will be moving around the school to go to designated timetabled classrooms as from Period 1. All risk assessment documents have been updated and the school has been authorised for this to now happen.

Pupils’ form rooms will stay the same but from lesson 1 on Tuesday all students will be moving, so we will be reminding them to follow the one way system and wear their masks both in corridors and in classrooms. For now, all other restrictions remain in place including toilet access, break areas and entrance points.

Students and parents have received letters in the previous two weeks regarding school and classroom expectations. We appreciate that the return after lockdown has been unsettling but we intend to keep reminding students of the standards we demand to ensure we all create the optimal learning environment.

In this transition period, can parents please support our messages of mask use, and ask those in their care to keep in mind the environmental damage of discarding masks carelessly or using them incorrectly. In the last four weeks we have supplied each student with the disposable and multiple use triple layered washable variety of masks supplied by the Welsh Government. However, the amount we have used certainly seems to be excessive and we ask all to consider the environmental damage that incorrect mask use contributes to.

Finally, can I once again thank all involved with the school for their support in these very challenging times.

Yours faithfully

J. Connelly  
Headteacher
