26 March 2021

Dear Parents and Carers,

Many thanks for all your support over the last few weeks in helping students on their return to school. We have been very pleased with the students' attitude to both their work and the safety protocols, and it is great to see them back in the building once again.

Today, Year 10 and 11 students will be issued with Lateral Flow Test kits, and we encourage the use of these in the weekend before they return to school on Tuesday 13th April. Early identification of any COVID 19 issues reduces the possibility of us having to send students home to self-isolate and we would appreciate your support in reminding students to take the test on a Sunday evening and Wednesday morning if possible.

Older students will have received the arrangements for year 11 and 13 assessment weeks, and we have made arrangements for contact should any parents have any queries.

We have a Training Day on Monday 12th April, so all years return to school on the Tuesday, 13 April. Our pre-Christmas Covid restrictions will still apply and we would appreciate your support in reminding students about mask wearing in all shared areas including classrooms, and maintaining social distance wherever possible. We will be communicating to the key stage 3 students the importance of following all protocols in order to keep everybody as safe as possible on their return.

Can I once again thank you for your continued support and wish you a Happy and safe Easter

Yours sincerely,

Mr J Connelly
Headteacher
